

URC®

No Added Sugar

Fruit pieces, flakes & pastes

A great way to get your 5+ a day

Introducing Taura Natural Ingredients' unique URC® formulation that delivers up to 700g of real fruit per 100g of finished product, with no added sugar or preservatives.

The seven times concentration process delivers over one serving of fruit per 20g of URC® and the speed of concentration ensures the goodness of the fruit is retained with a high level of antioxidants and fibres.

The 'No Added Sugar' URC® fruit ingredient range enables manufacturers to increase fibre content, lower glycaemic index ratings and deliver a portion of real fruit to nutritional fruit-based snack products.

UP TO
700%
REAL FRUIT

TAURA
NATURAL INGREDIENTS

On average 20g of URC® product is equivalent to a single fruit serving based on USDA & WHO/FAO guidelines.

URC®

Concentrated Goodness.

URC[®]

Ultra Rapid Concentration

The unique URC[®] technology produces low water activity, bake-stable pieces, flakes and pastes. The speed of the URC[®] process ensures fruit ingredients retain primary flavour, colour and nutritional characteristics, while delivering excellent product quality.

GLOBAL MANUFACTURING

Your Ingredients Partner

With over 30 years' fruit processing experience Taura Natural Ingredients is a fully integrated global company with URC[®] production facilities in both the northern and southern hemispheres. These facilities are complimented by dedicated customer support offices in the United Kingdom, Australia and USA. Taura also maintains a selling partner network across the globe to ensure the highest level of service and continuity of supply.
