# Flavour Innovation

For pieces, flakes & pastes

Taura Natural Ingredients' delicious range of sweet and savoury ingredients are perfect for your next product development. Try new marshmallow or tiramisu flavour concepts for a twist on traditional cookie inclusions or imagine a refreshing burst of peppermint added to your chocolate products.

Sweet-salty profiles are a fast growing flavour trend, as is the increasing demand for spiced, peppered and ethnic themes; explore the flavours of exotic countries, local cuisine or nostalgic trends. Dairy based fillings such as yoghurt and smoothie blends are also possible with URC®.

Available in a wide range of piece, flake and paste formats, all URC® products offer superior bake-stable and ultra low water activity.
